

# *Wyoming Association of Sheriffs and Chiefs of Police*

Annual Leadership Conference

May 5-8, 2025

*“Providing Leadership on All Law Enforcement Issues Within  
the State of Wyoming”*

The Wyoming Association of Sheriffs and Chiefs of Police (WASCOP) was founded in 1991 and serves as a non-profit organization which represents its members at the federal, state, and local level. Dedicated law enforcement professionals serve on boards, commissions, and coalitions. WASCOP represents its members in charitable activities across the state and provides representation at the Wyoming State Legislature.

WASCOP is comprised of law enforcement professionals from local, county and state agencies. We expect the primary decision makers and key leadership representatives from every department will be in attendance at the conference. This collaboration affords an excellent opportunity to meet and spend time with the most elite executives in Wyoming law enforcement.

The primary objectives of WASCOP are to:

- Develop and foster professionalism and integrity within the Wyoming law enforcement community
- Identify and advance positive change within law enforcement
- Strengthen and enhance communications between not only the public and law enforcement, but other governmental agencies to improve efficiency
- Provide leadership on all law enforcement issues within the State of Wyoming

Each year, WASCOP coordinates a statewide leadership conference. The purpose is to provide high quality and innovative training to the executive management staff of all law enforcement agencies in this state. This training is critical for key decision makers to stay abreast of the ever-evolving issues that law enforcement agencies experience.

Your sponsorship will ensure that WASCOP can provide effective training presented by the world's leading experts in contemporary law enforcement. There are several vendor and sponsor opportunities to choose from. Your corporate or individual support benefits all communities in our great state. Sponsorship enables us to have our most senior law enforcement officials attend relevant and progressive training.

# Conference Overview
